**FLOOD DIVERSION FINANCE COMMITTEE
MARCH 27, 2019—4:00 PM**

1. MEETING TO ORDER

A meeting of the Flood Diversion Finance Committee was held on Wednesday, March 27, 2019, at 4:00 PM in the Fargo Commission Chambers, Fargo City Hall, with the following present: Fargo Finance Director Kent Costin; Fargo City Commissioner Tony Gehrig; Moorhead City Councilman Chuck Hendrickson; Cass County Joint Water Resource District Chairman Dan Jacobson; Clay County Auditor/Treasurer Lori Johnson; Moorhead Finance Director Karla McCall; Cass County Auditor Michael Montplaisir; Cass County Commissioner Chad Peterson; and Fargo City Assistant Administrator Michael Redlinger. Cass County Commissioner Rick Steen was present via conference call. Fargo City Commissioner Tony Grindberg; and Fargo City Mayor Tim Mahoney were absent.

Kim Daily of Jacobs; Eric Dodds of AE2S; and John Shockley of Ohnstad Twichell were also present.

2. APPROVAL OF MINUTES FROM PREVIOUS MEETING

MOTION, passed

Ms. McCall moved and Mr. Peterson seconded to approve the minutes from the February 27, 2019, meeting as presented.

Motion carried.

3. APPROVAL OF BILLS

Mr. Costin said bills for the month total over \$10.5 million. Four sizeable land purchases were included in the Cass County Joint Water Resource District (CCJWRD) monthly billing, in addition to reimbursement requests from the City of Fargo for in-town flood protection work.

MOTION, passed

Mr. Montplaisir moved and Mr. Redlinger seconded to approve the bills in the amount of \$10,523,705.68, and to forward them to the Metro Flood Diversion Authority. Motion carried.

4. FINANCIAL UPDATE

Mr. Costin reviewed the financial statement for February. About \$3.2 million has been expended from the FY 2019 budget, and the total disbursed for the project to date is \$456,911,486. The net position is to \$90.8 million.

MOTION, passed

Mr. Peterson moved and Mr. Jacobson seconded to receive and file the Financial Statement for February as presented. Motion carried.

5. PMC UPDATE

Kim Daily of Jacobs reviewed the Program Management Consultant (PMC) report, including the overall program status and the FY 2019 cash budget.

MOTION, passed

Mr. Costin moved and Mr. Montplaisir seconded to receive and file the Program Management Consultant Report for February as presented. Motion carried.

6. CONTRACTING ACTIONS

Ms. Daily reviewed the following contracting actions:

Co-Executive Director Approved Task Order Amendments

- Braun Intertec Corporation (Task Order 01, Amendment 04 – Material Testing Services)—add scope and budget for 47 mobility improvement parcel surveys; and extend period of performance to December 31, 2019, in the amount of \$35,992.
- Houston-Moore Group, LLC (Task Order 15, Amendment 10 – Draft Operations Plan)—add scope and budget for additional USACE requested modeling and analysis in the amount of \$140,360.
- Beaver Creek Archaeology (Task Order 01, Amendment 06 – Phase I Cultural Investigations)—add scope and budget for Phase I, Class III cultural surveys; and extend period of performance to December 31, 2019, in the amount of \$15,000.

Mr. Peterson asked for more information on the Beaver Creek Archaeology Task Order. Eric Dodds of AE2S was present. Mr. Dodds said rural properties of a certain age are required to have a historical survey completed before acquisition.

Ms. Daily said additional information for the task orders can be sent out to committee members for clarification purposes.

MOTION, passed

Mr. Montplaisir moved and Mr. Costin seconded to approve the contracting actions as presented, and to forward the recommendation to the Metro Flood Diversion Authority. On roll call vote, the motion carried with Mr. Montplaisir, Mr. Costin, Ms. Johnson, Ms. McCall, Mr. Jacobson, Mr. Hendrickson, Mr. Steen, and Mr. Redlinger voting “Yes”; Mr. Peterson and Mr. Gehrig voting “No”.

7. BRAUN INTERTEC 2019 RATE INCREASE

Ms. Daily said Braun Intertec submitted a rate increase request for 2019. The initial request was greater than 3.5%, but the maximum allowed per their Master Services Agreement is 3.5% per year. The requested rates are in line with other geo-technical companies.

Mr. Gehrig said he would like to see justification for the requested rate increase before approval. Mr. Peterson agreed and said while he understands inflationary rate increases, he struggles with accepting a flat 3.5% rate increase across the board with no explanation.

Mr. Steen asked if the Co-Executive Directors are comfortable with the requested rate increase. Mr. Redlinger said he is comfortable with the increase as no rate adjustment was sought in 2018 and the requested increase would set rates comparable to peer companies.

MOTION, failed for lack of a second

Mr. Gehrig moved to deny the Braun Intertec 2019 rate increase request. The motion died due to lack of a second.

MOTION, passed

Ms. McCall moved and Mr. Peterson seconded to table the Braun Intertec 2019 rate increase request until justification for the rate increase is provided. On roll call vote, the motion carried with Mr. Montplaisir, Mr. Peterson, Mr. Costin, Ms. Johnson, Ms. McCall, Mr. Jacobson, Mr. Hendrickson, Mr. Steen, and Mr. Redlinger voting “Yes”; Mr. Gehrig voting “No”.

8. PROPERTY APPRAISAL SERVICES CONTRACTS REPORT

Ms. Daily said appraisal service firms have been contracted through Cass County Joint Water Resource District. The first five appraisal packages have been divided between three firms for locations throughout the channel.

9. REVISED 2019 PROGRAM BUDGET

Mr. Redlinger said a revised 2019 program budget is expected to be presented in April, once the outcome of upcoming litigation activities are known.

10. TASK ORDERS 5 AND 6

Ms. Daily said approval of Task Order 5 will most likely be requested in April, and approval of Task Order 6 will also be forthcoming. Task Order 5 pertains to the continuation of PMC services and Task Order 6 would engage full P3 activities.

Mr. Peterson asked if the Co-Executive Directors have been briefed on the task orders. Mr. Redlinger said yes, there has been a collaborative discussion.

11. OTHER BUSINESS

Amended Cost Share Reimbursement Agreement

Mr. Redlinger said he received an amendment to the cost share reimbursement agreement between the State Water Commission and the Diversion Authority, for an additional cost share of up to \$66,500,000 to reimburse 50% of actual eligible project costs. The amendment will allow expenditures to be coded against this latest installment, which was appropriated during the 2017 legislative session. The signed amendment ensures the funds will be appropriated as legislative intent is not binding to future legislative bodies.

Attorney John Shockley said he will prepare a joint resolution for Fargo, Cass County, and Cass County Joint Water Resource District to designate the Diversion Authority as the approving authority, negating the current process, which requires all three entities to approve each reimbursement request.

MOTION, passed

Mr. Redlinger moved and Mr. Peterson seconded to approve Amendment I to the Agreement for Cost-Share Reimbursement with the North Dakota State Water Commission, and to forward the recommendation to the Metro Flood Diversion Authority. On roll call vote, the motion carried unanimously.

12. NEXT MEETING

The next meeting is scheduled for April 24th at 4:00 PM.

13. **ADJOURNMENT**

MOTION, passed

On motion by Mr. Peterson, seconded by Mr. Gehrig and all in favor, the meeting was adjourned at 4:30 PM.

- 7. Other Modifications to Agreement: None
- 8. Attachments: Attachment A, Rate Schedule
- 9. Documents Incorporated By Reference: Agreement dated May 14, 2015
- 10. In performing the services, EYIA will not take any action that EYIA reasonably believes could impair its independence with respect to any of its audit clients or those of other EY member firms. For example, EY will not instruct, supervise or contract with an entity, without first determining in its sole discretion that such an action would not impair our independence.

11. Because EY is Jacobs’ external auditor, EYIA’s roles and responsibilities in connection with the services that relate to certain activities or deliverables of Jacobs are subject to certain restrictions as determined solely by EY. For example, EYIA will not direct, manage, oversee or have any direct responsibility for any activities by or on behalf of Jacobs or any other audit clients. Further, EYIA will not work under the supervision or direction of Jacobs, and Client shall not request that Jacobs supervise or direct EYIA.

Terms and Conditions: Execution of Statement of Work by Client and EYIA shall make it subject to the terms and conditions of the Agreement (as modified above), which Agreement is incorporated by this reference. EYIA is authorized to begin performance as of the date of the Agreement for Professional Services.

Dear Co-Executive Directors:

The Diversion Authority's Finance Committee, at their March 27, 2019 meeting, tabled the Braun Intertec 2019 rate increase request until their next meeting and requested additional information.

Attached is the following additional information for their consideration:

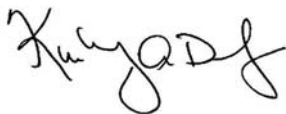

1. A letter from Braun Intertec, dated April 9, 2019, providing justification for the increase, and
2. a comparison of current labor and testing rates for labor and testing categories most commonly employed under their existing task order.

Braun Intertec Corporation is providing materials testing services to the Diversion Authority's WP-43 OHB Ring Levee projects. We have reviewed the proposed rates and have verified the rate increases do not exceed the 3.5% maximum annual rate increase as set forth in the Master Services Agreement between the Diversion Authority and Braun Intertec Corporation.

We recommend approval of these rate increases and that they become effective as of January 1, 2019.

Thank you for your consideration of this change and please let me know if you have any questions.

Sincerely,

Kimberly A. Daily, PE

Re: 2019 Rate Schedule
Oxbow, Hickson, Bakke Projects
Oxbow, North Dakota

Dear Mr. Glatzmaier:

Braun Intertec Corporation submitted our rates for 2019 to you in March 2019. Our rates in 2019 represented an increase of about 1 to 3 1/2 percent of the rates we had for the project in both 2017 and 2018 and is in accordance with our contract with the Diversion Authority for the project. The intent of the rate increase is to help in supporting the wage increases that we have extended to our personnel, the cost increases to employee benefits including health insurance, and to offset the increased cost of goods and services since 2017 when the rates were originally set. We value the highly skilled technicians that we employ and have a comparatively low turnover rate amongst our trained staff and process yearly, or more frequently, pay increases to maintain and grow our staff.

Please let me know if you need more information to process our request at this time.

Sincerely,

BRAUN INTERTEC CORPORATION

Financial Considerations:

Attached for your review and action is draft Change Order No. 10. This change order increases the total Contract Price \$28,950.00. The following items are included in this change order:

1. Back-up Generator Breaker and Breaker Box:

- a. Background Information: The WP-42A.1/A.3 project includes furnishing and installing a back-up generator in a separate building from the project's Storm Water Lift Station No. 18 that serves as an emergency power supply for both Lift Station No. 18 and the adjacent Sanitary Sewer Lift Station No. 1.
 - i. The back-up generator design included a 2000A breaker for Lift Station No. 18, a 800A breaker for the Lift Station No. 1, and a 500KW load bank with overcurrent protection integral to its control panel or provided with associated equipment.

- ii. Unfortunately, the Contractor's shop drawing did not provide a control panel/disconnect switch in the load bank with integral overcurrent protection or a separate breaker (disconnect switch) for the load bank, did not submit an RFI regarding how the load bank should connect to the back-up generator, and the issue was not identified and addressed during the shop drawing review process.
 - iii. During start-up and testing of the back-up generator, May 2017, the issue was identified and the contractor temporarily used the existing Lift Station No. 1 800A breaker for initial testing, but a permanent solution was not pursued at that time. In addition, the as-built drawing mark-ups provided by the Contractor did not show the electrical wiring change.
 - iv. Subsequently, WP-42A.1/A.3 project final completion was not reached or granted by the Owner, project completion issues were not resolved via mediation between the Owner and the Contractor, and the Contractor has since filed a lawsuit against the Owner.
 - v. Time is of the essence to connect the City of Fargo Lift Station No. 1 to the back-up generator and complete that project. After consideration of several options from the Contractor, the Owner and Engineer recommend the following as the most cost effective and expedient resolution.
 - vi. The Diversion Authority's legal counsel reviewed this draft change order and did not have concerns with the Diversion Authority contracting for this work outside of the litigation process.
- b. Change: Temporarily disconnect the load bank from the 800A breaker, connect Lift Station No. 1 to the 800A breaker (as designed), and furnish and install a new breaker box and breaker for the load bank as follows:
- i. Contractor will provide shop drawings for review and approval, provide and install a custom breaker box that will house both the existing 800A breaker and a new 800A breaker, provide and install a new 800A breaker, salvage and install the existing 800A breaker, connect the load bank to one of the 800A breakers, provide revised red-line as-built drawings, furnish and provide any other services and equipment necessary to make the back-up generator a completion and functional system for Lift Station No. 18 and Lift Station No. 10, and provide additional generator start-up services after the back-up generator is modified.
 - ii. This change does not include connecting Lift Station No. 1 to one of the 800A breakers in the custom breaker box because that work is part of and will be completed under ICS' contract with the City of Fargo.
 - iii. Add lump sum bid item 0166 CO-10 Generator Breaker and Breaker Box in the amount of \$20,948.00 to prepare and submit shop drawings for the proposed custom breaker box and 800A breakers, furnish and install a new custom breaker box and 800A breaker, salvage and install the existing 800A breaker, connect the load bank to one of the 800A breakers, prepare and submit revised red-line as-built drawings, and provide additional generator start-up services. The attached Change Order 1 Unit Price Schedule dated

March 8, 2019 shows the additional bid item.

- iv. Add lump sum bid item 0167 CO-10 Additional Wiring from Load Bank to Breaker Box in the amount of \$8,002.00. If the existing wiring from the load bank to the existing breaker box is not long enough to connect the load bank to the updated breaker box, furnish and install new wiring from the load bank to the updated breaker box. If the existing wiring is long enough and can be reused, this work is not required and will not be paid. The attached Change Order 1 Unit Price Schedule dated March 8, 2019 shows the additional bid item.
- v. There are no Contract Time changes associated with this change order.

The PMC prepared this change order, and feels the information is accurate, complete, and ready for Co-Executive Director review.
