Subject: Work Package 43CD, Ring Levee-Phases C and D
Recommendation of Award

Dear Board Members:

CH2M (Program Management Consultant) recommends the Metro Flood Diversion Authority award Work Package 43CD, Ring Levee – Phases C and D, less Alternative 1 bid items, to Meyer Contracting in the amount of **\$10,399,476.21** as the lowest and best bid.

We conducted a public Bid Opening for this project on July 6, 2017 where eight bids were received. This was a multiple contract project: Contract 1 – General Construction, Contract 2 – Electrical, Contract 3 – Mechanical, and Contract 4 – Combined. Because no bids were received for Contract 3, we were required to select from the three Contract 4 Bids. Also, due to lack of property right of way for Alternative 1 bid items, we don't recommend award of Alternative 1 bid items (Alternate 1: Main Avenue Storm Sewer and Road Work and Alternate 1: Levee Work). Meyer's Alternate 1 bid item total was \$1,288,551.23.

After review, Meyer Contracting was determined to be the lowest responsive bidder for Contract 4, less Alternative 1. Their price is approximately 11% lower than the Engineer's Opinion of Probable Cost and it appears to be a full and valid bid.

Contact me at Greg.Baisch@ch2m.com if you have any questions regarding this recommendation.

Sincerely,

Gregory L Baisch

DISCUSSION

Change Order No. 3 increases the Contract Price by **\$122,928.10** and extends Final Completion/Ready for Final Payment by **31 days** for the following items. The cost and time were reviewed by the Engineer and Owner’s Representative and found to be reasonable.

1. **Adjust Sidewalk.** The Sidewalk along the north/west side of 2nd St. South will be realigned to avoid removing an existing light as requested by the City of Fargo. A revised plan sheet is included in Change Order 3 that shows the realignment. Due to this realignment, a yield sign needs to be removed from its current location to accommodate the sidewalk route and relocated a few feet away. The cost to move the sign is \$250.
2. **Increase Inspection Trench and Embankment Import.** Change Order 01 included adding a line item Export Unsuitable Material to remove material from the site as the inspection trench was excavated. It did not include an increase to the inspection trench excavation or imported material to replace the unsuitable material. This change item covers the increase in these two line items based on actual quantities of material removed and replaced. The increase to the Inspection Trench is \$19,885.00 and the increase to Embankment Import is \$102,803.10.
3. **Increase Contract Time.** This change order will not be approved in time for the contractor to prepare for final payment on July 15, 2017. 31 days will be added to the contract Final Completion date increasing it to August 15, 2017. This allows time for the contractor to prepare for closeout and final payment.

Bryce,

We are currently working on a change order to realign a portion of the concrete walk on the north side of 2nd street to go around the light base we discussed last fall. This will require removing a yield sign and post and re-installing it. We would like to create a bid item for that, can you supply a cost please? See the image below for the sign in question. Once we get a cost we can get the change order drawings to you and the surveyors asap.

Thanks,

Randy Engelstad

Technical Advisory Recommendation

Date: July 1, 2017

RECOMMENDATION FOR ACTION:

The Technical Advisory team has reviewed and recommends approval of the following Contract Action(s).

SUMMARY OF AGREEMENT ACTION:

Per the contract review and approval procedures Section 4 that were adopted by the Diversion Authority on November 10, 2016, the Owner's Program Management Consultant (PMC) or Engineer of Record (EOR) is directed to prepare contracts and seek approval based on the contract's proposed value. The procedures listed in Section 4.E, are appropriate for this proposed new contract action.

The PMC has prepared the following Contract Action (s):

Cass County Electric Cooperative

\$93,915.00

WP-43 Utility Relocation Reimbursement Agreement

- WP-43 OHB 2017 Utility Relocations

BACKGROUND AND DISCUSSION:

Construction of the WP-43A Oxbow-Hickson-Bakke (OHB) Ring Levee – Phase A project and the new Oxbow subdivision started in 2014 and Cass County Electrical Cooperative (CCEC) provided an estimate dated March 12, 2014 (attached) for all their electrical utility relocations required for the WP-43 OHB Ring Levee project. This included three options (A, B, and C) for relocations, removals, and temporary services which differed in whether the levee at the north would be crossed with an overhead line, a combination of overhead and underground, or underground. Option C, underground was selected. CCEC's total estimated cost for all the WP-43 electrical utility relocations was \$894,676, and this relocation work was planned to be phased with the various phases of construction for WP-43.

A summary of the CCEC contracting history for WP-43 is provide in the table below.

CCEC performed utility relocation work in 2014 and 2015 under two agreements between CCJWRD and CCEC. This work included CCEC Project Code 63314 (Alternate Feed for Kaspari Farm and abandon and relocate single phase line in WP-43A construction area) and CCEC Project Code 63299 (Extension of three phase power through the new Oxbow subdivision).

This Utility Relocation Reimbursement Agreement is for proposed 2017 WP-43 electrical utility relocations that are required for the WP-43CD OHB Ring Levee – Phases C and D construction project.

SUMMARY OF CONTRACTING HISTORY AND CURRENT CONTRACT ACTION:

Original Agreement or Amendment	Original Project Cost	Budget Change	Revised Project Cost	Contract or Amendment Date	Project Completion	Comments
Agreement 1	\$38,729		\$38,729	5-May -14	15-July-14	Alternate Feed for Kaspari Farm and abandon and relocate single phase line in WP43A construction area

Agreement 2		\$409,123	\$447,852	9-July-14	31-Oct-15	Extension of three phase power through the new Oxbow subdivision
Agreement 3		\$93,915	\$541,767	13-July-17		Schnell and Riverbend service retirements, temporary east levee crossing and 3-phase line, and service to new pump station

FINANCIAL CONSIDERATIONS:

The PMC requests that the requirement for multiple quotes for this work be waived. CCEC is performing (or contracting for) the work, and therefore multiple quotes were not sought for this work.

CCEC provided the attached proposal, dated June 26, 2017, for planned 2017 electrical utility relocation work associated with the construction of WP-43CD. A summary of the costs is include in the table below.

CCEC Estimate Costs for WP-43 2017 Electrical Utility Relocations

	Riverbend Road Plant Retirements	6,200
69294	North Schnell Drive Plant Retirements	14,350
69295	Cable Replacement through golf course - trench	27,700
63310	New service Stormwater Pump Station	36,550
	CCEC cost share for new service	-8,485
Total		93,915

The proposed work includes:

- Project Code 69296: Installing three 2 inch conduits buried over the levee along Riverbend Rd. to temporarily continue service east of the levee.
- Project Code 69296: Service retirements (Removing transformers and individual residential underground services) along Riverbend Rd.
- Project Code 69294: Service retirements along Schnell Drive and relocating a short section of line to continue feeding the one remaining customer on Paul Bunyan Dr.
- Project Code 69295: Relocate 3-phase line along the east toe of the levee between Riverbend Rd. and Oxbow Dr. to temporarily continue 3-phase redunent service east of the levee.
 - CCEC considers the existing 3-phase line through the existing golf course and between Riverbend Rd. and Oxbow Dr. to be at a high risk of failure. They had a fault on it last year and had to repair it. The portions of the line under the ponds are inaccessible and if a failure were to occur, it would have to be difficult and expense to repaired or replaced under emergency conditions. It provides service to the sanitary lift station on Oxbow Dr. and the golf course river and irrigation pumps. It also provides redundant single-phase service to the one remaining customer on Paul

Bunyan Dr. Providing reliable redundant 3-phase service to the sanitary lift, irrigation pumps, and reliable redundant service to the single phase customer on Paul Bunyan Dr. is considered necessary by CCEC.

- Project Code 69310: Install 1800 feet of new 3-phase service from Main St. N to serve the future pump station and sanitary lift station east of Bakke. This includes the placement of a pad, transformer, and service cabinet.

Remaining CCEC utility relocation work for WP-43 includes the west and north levee crossings. This utility relocation work will be done in conjunction with those phases of the levee construction.

This change amount of \$93,915.00 is included in the FY-2017 FMDA budget. The PMC has reviewed this cost proposal and finds it acceptable.

Waiver

Given the scope of our business and the scope of our client representations in this region, it is possible that some of our current or future clients will have matters adverse to the Authority while we are representing you on the matter described in this Agreement. For example, we may represent one or more parties in a bankruptcy case, such as a creditor, official committee, debtor-in-possession, or lender, which may or will have interests that are materially adverse to you, or our current or future clients may have future business dealings with you, or may become involved in disputes, including litigation, against you. Our representation of other parties in such matters may include, for example, representing other parties in litigation adverse to you. Additionally, we do represent the City of Moorhead on state government relations matters.

You agree that, even though we undertake to represent you in this matter, we may continue to represent or may in the future represent existing or new clients in any matter that is not substantially related to our work for you even if the interests of such clients in those other matters are directly adverse to you. We agree that no confidential information obtained in representing you will be used in any such other representation and, if requested by you in an appropriate situation, we will establish ethical screens to assure that such confidential information is not obtained or used by the attorneys working on other representations. You hereby consent to any conflict of interest that might arise from any such adverse representation(s) and agree not to seek to disqualify Fredrikson & Byron from such adverse representation or assert that such representation constitutes a conflict of interest where (1) the adverse representation does not involve the same or related matter as the engagement, and (2) we do not have confidential information or secrets from this engagement that would be material to the adverse representation.

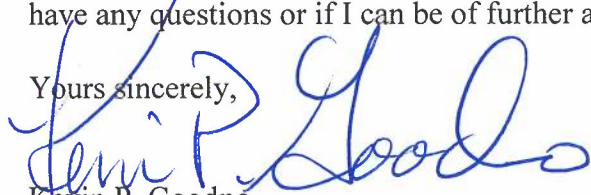

Please sign and return to us the enclosed copy of this letter in order to confirm that it accurately reflects the scope, terms and conditions with respect to this engagement. However, please note that your instructing us or continuing to instruct us on this matter will constitute your full acceptance of the terms set out above and attached. FREDRIKSON & BYRON, P.A.
Agreement for Legal Services—Standard Client Billing Policy

This Standard Client Billing Policy, together with the engagement letter, contains the agreement (“Agreement”) under which Fredrikson & Byron will provide legal services to you, as the client named in that engagement letter. This Agreement describes our standard billing policies and practices and will be applicable to all of your client matters unless otherwise agreed in writing.

Services. We will provide you the legal services described in the engagement letter and other legal services mutually agreed to in writing. In the event of a conflict between this Agreement and the engagement letter, the engagement letter will control. We only provide legal services. We do not provide, and you should not rely on us for, other services including but not limited to investment, finances, accounting, engineering, scientific, independent investigation (unless specifically agreed in the engagement letter), or business consulting services. We cannot, and you should not rely upon us to, express any opinion regarding financial statements or other financial information.

Fees. Unless otherwise agreed in writing, the cost of the legal services rendered will be based primarily on the amount of time expended and the applicable hourly rates of the person(s) rendering the services. Time is recorded in one-tenth hour increments; time increments less than six minutes may be rounded up to the nearest one-tenth hour. We may periodically adjust our hourly rates.

Service Charges and Disbursements. Except as provided below and unless otherwise agreed in writing, we will charge you, without markup, itemized charges from outside vendors (e.g. filing fees, expert witness fees, telephone toll charges, postage and courier charges, travel, etc.).

We will bill certain specific charges according to the following schedule, which is subject to periodic adjustment without prior notice: \$.20/page for copying charges; \$1.50/book for velo and spiral binding; and \$1.00/page (plus any long distance telephone charges) for outgoing faxes. We will bill online computer research based on a schedule available upon request. We bill for responding to audit letter requests based on a fixed administrative processing fee (schedule available upon request) plus hourly rates for actual time spent by attorneys and paralegals.

If we contract on your behalf for additional services to be provided by a third party vendor, you will be responsible for payment either directly to the third party or through us. We may request a retainer from you to cover such costs. In order to provide you with efficient and cost-effective service, we sometimes use certain technologies—including third-party hosted tools and service—for collaboration, document review, electronic signatures, and contract tracking. Although we engage only reputable vendors in this regard, we cannot guarantee the security or availability of their tools or services.

Billing. Unless otherwise agreed in writing, we generally bill fees, service charges and disbursements monthly. Invoices are due and payable within thirty (30) days after receipt. If you pay a retainer or other advance payment, other than a flat fee, we will deposit that amount in and make withdrawals from a trust account as required under applicable rules of professional conduct. Communications concerning disputed debts, including an instrument tendered as full satisfaction of a debt are to be sent to: Fredrikson & Byron, P.A., Attn: Credit Department, 200 South Sixth Street Suite 4000, Minneapolis, MN 55402. Subject to applicable law A LATE PAYMENT CHARGE UP TO 8% PER YEAR (OR THE MAXIMUM ALLOWABLE RATE, IF LOWER) MAY BE ADDED TO ANY UNPAID INVOICE OVER 30 DAYS PAST DUE.

Organizational Clients. With respect to all organizational clients, unless the engagement letter provides otherwise, our client is the organization identified in the engagement letter, and not any of its

incorporators, promoters, organizers, shareholders, partners, members, directors, officers, employees, subsidiaries, parents or other affiliates. This means we will have no conflict of interest in the event our other clients are adverse to such parties who are not specifically identified as the client in the engagement letter.

Records. Upon written request, we will provide to you the records in our possession relating to the legal services performed by us for you. You agree that these will not include internal financial records, attorney notes, internal email, work papers, and other such documents. We also may be required to produce some or all of your records in response to subpoena, court order, discovery demand, or otherwise. If we either are asked by you or required to produce your records (in whatever format, including electronic), you agree to promptly reimburse us for all fees and expenses, including attorney, paralegal, and administrative time at our billing rates, incurred in connection with retrieving, identifying, copying, producing, or transferring the records. You further agree to reimburse us for all fees and expenses incurred by us in preparing for, participating in, or responding to any action, claim, suit, or proceeding brought by or against any third-party that relates to the legal services we provided you. This includes, but is not limited to, responding to document subpoenas, and preparing for and testifying at depositions and trials.

Termination. Unless terminated earlier, our representation of you will terminate upon our sending our final statement for services rendered in connection with the matter identified in the engagement letter. You are free to terminate our services, with or without cause, upon written notice. We may also terminate our representation if you do not cooperate in the representation or pay our fees and expenses in a timely manner, or if we determine in our discretion that continuing to provide services would be unethical or impractical. If our representation terminates, all fees, service charges and disbursements incurred to that time will be due and payable. All records stored by us relating to the legal services performed for you are subject to retention and destruction according to our records retention policy.

Collection. You agree to promptly pay our invoices. If you do not, you agree to pay collection costs and attorneys’ fees incurred to collect payment of overdue invoices and interest allowed by law. We may obtain and perfect an attorneys’ lien against documents, property, money or other rights, in accordance with applicable law.

Questions or Disputes. You should bring questions or disputes concerning our invoices to the attention of the attorney responsible for the legal services or our Finance Department promptly after receipt of the invoice.

Outcomes. We cannot guarantee a particular outcome. We may express our opinions periodically, but these are only our opinions and not guarantees or promises.

Confidentiality. We will protect your confidences and secrets. We will not disclose or use any confidential information we receive from you unless mandated by law or ethics rules.

Entire Agreement. This Agreement and the engagement letter represent the entire understanding between us and supersede and replace any and all prior agreements and negotiations concerning this engagement, including any outside counsel guidelines. This agreement and the engagement letter can be modified by writing signed by both you and us; provided, however, that we may periodically modify our Standard Client Billing Policy and our billing practices without prior notice.
