

UMA Crop Insurance & Flowage Easement Update

6 p.m. Wednesday, Nov. 2

Hickson Community Center
Main Street, Hickson, ND

8:30 a.m. Thursday, Nov. 3

Clay County Courthouse
Room A/B - 3rd Floor
807 11th St N, Moorhead, MN

The Metro Flood Diversion Authority retained Watts & Associates to develop crop insurance policies for growers in the upstream mitigation area. After working with a producer focus group to walk through the process, address concerns, and customize the policy, they are now ready to share specific details on this program. Alex Offerdahl, with Watts & Associates, as well as MFDA representatives, will be on site to review the drafted insurance policy and answer your questions.

Here's what you can expect from these informational meetings:

- Supplemental crop loss insurance overview
- Prevent plant insurance overview
- Flowage easement timeline overview
- Time to ask questions of project representatives

The Cass County Joint Water Resource District, Moorhead-Clay County Joint Powers Authority, and Metro Flood Diversion Authority are dedicated to sharing information about the FM Area Diversion project. We hope to see you on Nov. 2 or 3!
