Agenda Item number: b.4

Subject: OIN 2185 Excess Land Sale Price Adjustments

Recommended Action/Motion:

Approve the sale price of \$4,000 for excess land parcel OIN 2185.

Background/Key Points:

In February 2024 an excess land recommendation for OIN 2185 was presented at the MFDA Land Committee, the CCJWRD Board, and the MFDA Board meetings. The recommendation included a market value of \$10,500 and was unanimously approved at each of the three meetings. Since those approvals, and in accordance with the Policy on Disposition of Excess Lands, the notice of this sale was sent to the Member Entities, the Prior Landowner, and the Adjacent Landowners. Throughout those efforts no interest was received, and the parcel was made available for public sale. One interested party came forward but ultimately decided the purchase was not a good fit for them. A new interested party has come forward but is proposing the purchase of the property for \$4,000, which is lower than the original approved value of \$10,500. In efforts to dispose of this property we are requesting that approval to proceed with this sale for \$4,000. Current expense associated with the property are mowing and weeding for \$2,392 annually.

RE: Excess Lands Recommendation – OIN 2185, subject to a Flowage Easement

1. Introduction

The Metro Flood Diversion Authority (Authority) adopted the Policy on the Disposition and Management of Comprehensive Project Lands (Policy) in March 2021. Per the Policy Preamble, the Authority will periodically review its inventory of real property to determine if its land ownership exceeds its foreseeable needs for the Fargo-Moorhead Area Flood Diversion Project (Comprehensive Project). Land that is no longer needed, not expected to be needed in the future for the Comprehensive Project and declared “Excess Land” by the Executive Director may be made available for sale, lease, or exchange in accordance with this Policy.

This Memorandum serves as a recommendation for the Executive Director to declare OIN 2185 as Excess Land and begin the process to dispose of the property following the Policy. Note that the parcel is in the Upstream Mitigation Area (UMA) and therefore the Authority (via the Cass County Joint Water Resource District (CCJWRD)) shall reserve a flowage easement on this property as part of a sale.
